

Fusion Geophysical LLC Announces Formation of Fusion Petroleum Services de Mexico S. de R.L. de C.V.

November 1, 2004: The Woodlands, Texas

Fusion Petroleum Technologies Inc. is pleased to announce that it has formed a Mexican subsidiary called Fusion Petroleum Services de Mexico S. de R.L. de C.V.. Domingo Alberto Saturno-Napolitana, currently Country Manager for Fusion Petroleum Technologies Inc., will become Managing Director of the new company, and will report to Dr. John Castagna who will be the Chairman of the new subsidiary.

Fusion Petroleum Services de Mexico will provide direct in-country support to Pemex including the provision of services from Fusion Petroleum Technologies Inc., and will manage Fusion's business including contracts with Pemex, Comesa, AMGE and other clients in Mexico. In addition to service contracts, Fusion Petroleum Services de Mexico will manage Fusion's training programs in Mexico and software sales for Fusion's software company FusionGeo. This new structure will facilitate Fusion's rapidly growing relationship with Pemex, and provide an added level of support for their local needs.

"We are very excited about this next step in expanding our growing business in Mexico", said Dr. John Castagna, Chairman of Fusion Petroleum Technologies Inc. "The formation of Fusion Petroleum Services de Mexico will allow our company to provide a much higher quality of service to Pemex and our other Mexican clients, and will demonstrate our long-term commitment to this important part of our business."

"Fusion is also very pleased that Domingo has accepted the role of Managing Director of Fusion Petroleum Services de Mexico", said Dr. Alan R. Huffman, President of Fusion Petroleum Technologies Inc. "Domingo's technical expertise and business experience in Mexico will be of great value to Fusion as we continue to build our partnership with both Pemex and Comesa. We are confident that his leadership will assure that our business in Mexico will prosper for many years to come."
