

## **Fusion & Vanguard Sign Strategic Alliance Agreement To Provide E&P Technology and Services in The Sultanate of Oman**

**June 18, 2009, The Woodlands, Texas**

**Fusion Petroleum Technologies Inc.** and **Vanguard Engineering and Oilfield Services** of Oman announced today that the two companies have formed a strategic alliance to provide geophysical and geological technology, services and software in The Sultanate of Oman. The alliance will allow Fusion to provide Vanguard clients with an integrated offering of leading edge geophysical technology from Fusion and its other alliance partners. Under the terms of the alliance agreement, Vanguard will provide local logistics and contract support for Fusion service projects and software sales, and Fusion will provide its leading edge exploration and production technology, expertise, services and software to clients in Oman through the Vanguard alliance.

“Fusion is very excited about this alliance with Vanguard”, said Dr. Alan R. Huffman, President & CEO of Fusion Petroleum Technologies Inc. “The alliance with Vanguard will provide a platform to deliver Fusion technology, services and software to key clients in Oman’s rapidly growing E&P business. Fusion and Vanguard will provide clients in Oman with the highest quality integrated geological, geophysical and reservoir engineering services that will help clients solve their most challenging problems.”
