

**Mr. Glen Penfield Joins Fusion Petroleum Technologies as Vice President of Marketing**

**January 20, 2003: The Woodlands, Texas**

**Fusion Petroleum Technologies Inc.** is pleased to announce that Mr. Glen T. Penfield, formerly with Conoco's Seismic Imaging Technology Center, has joined the company as its Vice President of Marketing.

In his new role as the Vice President of Marketing, Mr. Penfield will manage the global sales and marketing efforts for the company and its parent company, **Fusion Geophysical LLC** which is located in Norman, Oklahoma. He will work closely with Dr Alan R. Huffman, President of FPTI, to grow the company's business and make Fusion a global player in the geophysical technology and services industry. Mr. Penfield is also internationally recognized for his co-discovery, along with Antonio Camargo of Pemex, of the Chicxulub Impact crater on the Yucatan Peninsula that has been confirmed as the cause of the Mass Extinction Event at the Cretaceous-Tertiary Boundary.

"Fusion Petroleum Technologies Inc. and Fusion Geophysical LLC are very pleased that Mr. Penfield has elected to join our company", said Dr. Alan R. Huffman, President of Fusion Petroleum Technologies Inc. "Glen's blend of technical and marketing/business experience will be tremendously valuable to Fusion as we expand our marketing efforts. I believe that Glen will be a key player in the future of Fusion and that he is the right person to lead our marketing programs."
